Street Meter Parking

Meters along Sherman Street and 19th are free after 6 PM until 9 AM the following day. They are also free on weekends from Friday at 6 PM until Monday at 9 AM. In addition, the meters are also free on select Holidays!

Public Parking Across the Street

The public parking lot across the street offers various options for parking rates and does allow for overnight parking! Because this is a public parking lot, they do have full control over their rates so these rates may change from time to time.
